

Villongo, 28/02/2020

Dear Customer,

Following the events of the last few days regarding the development of Coronavirus in northern Italy, we would like to inform you about the situation at UNI GASKET SRL.

- All our employees and collaborators, and their families, are fine.
- The UNI GASKET SRL has a production unit in Italy, one in India, one in Hong Kong, one in Spain, one in Poland, one in Romania and one in the USA. All of our production sites are 100% operational.
- The Italian site is located in Lombardy not in red zone, where we strictly follow the prescriptions of the health and local authorities, which do not require restrictions for industrial production units. The production is therefore 100% guaranteed.
- We have set up an internal Crisis Unit, to monitor the evolution of the situation and minimize any risk to health and business continuity.
- The raw material suppliers allocated in different countries than Italy grant continuously the delivery

We do not see in this moment any problem in the delivery of your orders.  
We will update you in the event of developments of the current situation.

Un saluto

VITTORIO CALISSI  
MANAGING DIRECTOR  
UNI GASKET SRL

A handwritten signature in purple ink, appearing to read 'V. Calissi', is written over the printed name and title.
