

DIN-DVGW type examination certificate

DIN-DVGW-Baumusterprüfzertifikat

NG-5143DO0357

Registration Number
Registriernummer

Field of Application <i>Anwendungsbereich</i>	products of gas supply <i>Produkte der Gasversorgung</i>
Owner of Certificate <i>Zertifikatinhaber</i>	UNI GASKET S.r.l. Via Lombardia, 16, I-24060 Villongo (BG)
Distributor <i>Vertreiber</i>	UNI GASKET S.r.l. Via Lombardia, 16, I-24060 Villongo (BG)
Product Category <i>Produktart</i>	Greasing and sealing materials: PTFE-threated sealing tape for gas installations and hot water (5143)
Product description <i>Produktbezeichnung</i>	PTFE-threated sealing tape for gas installations and hot water
Model <i>Modell</i>	PTFE - threated sealing Tape; F-Tape
Test reports <i>Prüfberichte</i>	Type testing: 23-00097-AB01 from 24.10.2023 (EBI)
Test basis <i>Prüfgrundlagen</i>	DIN EN 751-3 (01.08.2022)

Date of Expiry / File No. 24.10.2028 / 23-0581-GNE
Ablaufdatum / Aktenzeichen

27.10.2023 Pz A-1/2

Type	Technical Data	Remarks
Typ	Technische Daten	Bemerkungen
F-Tape	Class: F	DN ≤ 10

Hints of Utilization / Remarks**Verwendungshinweise / Bemerkungen**

Application: See installation sheet

Pressure range for gas: ≤ 5 bar

Liquid gas: ≤ 20 bar

Pressure range with hot water: ≤ 7 bar

Temperature range with gas: -20...+125 °C

Temperature range for hot water: up to +130 °C

Druckbereich bei Heißwasser: ≤ 7 bar

Temperaturbereich bei Gas: -20...+125 °C

Temperaturbereich bei Heißwasser: bis +130 °C

Important Information Concerning the Validity of Your Certificate

Dear client,

please find enclosed your applied certificate with registration no. NG-5143DO0357. For the certificate you have selected the following surveillance procedure(s):

Model	Production site	Surveillance proc.	Lab.	Deadline
PTFE - threaded sealing Tape; F-Tape	UNI GASKET S.r.l., Verwaltung, Villongo (BG)	Control testing, annually	EBI	27.10.2024

The exact name and address of the test laboratories you will find under: www.dvgw-cert.com/de/produkte-gas/prueflaboratorien.html bzw. unter www.dvgw-cert.com/de/produkte-wasser/prueflaboratorien.html!

According to section 5 of our actual Rules of Procedure for the Certification of Products in the Non-harmonized Sector from January 2013 the certificate holder is obliged to commission regular surveillance measures once DVGW certification is granted. We expect the surveillance procedure to be carried out in time and request the surveillance test report until the above mentioned deadline.

This deadline for the complete surveillance test report must not exceed 3 months. If DVGW CERT GmbH does not receive the complete test report within these 3 months, we must suspend the certificate. Please contact your test laboratory in time and sign a surveillance contract settling regular inspections within the given period.

We must inform you that DVGW CERT GmbH will accept no liability for any damage caused by suspension or withdrawal of certificates due to lack of surveillance in due time.

Instead of control testing you can possibly choose a surveillance procedure of the manufacturer's production quality, including the approval and audit against the product-specific requirements by DVGW CERT GmbH. This depends on the specific regulations in the DVGW rules. Please contact DVGW CERT GmbH for more details.

Thank You
DVGW CERT GmbH
